Gilded Pages Healthcare — Call Sheet

Friday, November 6, 2026 — built from the rollout's own progress record (Day 34, 2026-11-06)

16 names stand not yet listed, of the 224. Seven of them wait on a phone call — a call settles each one: publish it, or close it. One more, Alma Medical Clinic, is held out on the admin's own order and waits on his word, not on a call. The rest of the 16 were settled in earlier sections of the progress record — duplicates, unverifiable names, and closed businesses — and no call is owed on those; they are named in the last section so the count stands whole.

Call these seven

	Business	Town	Phone	The one fact the call must settle
☐	**Red Rock Dental**	Sedona	(928) 282-1282	Is Red Rock still open, and distinct from Westervelt in the same building at 1120 W SR 89A — and which suite is Red Rock's, with what hours and website? (Do not call the inventoried (888) 217-4023 — the record marks it a call-tracking number.)
☐	**Pacific Clear Vision**	Cottonwood	(928) 634-2905	Still open at 294 W SR 89A — and its hours, practitioner, website, and affiliation? (Its named website lists Oregon locations only.)
☐	**Alliance Homecare / Valley Respiratory**	Cottonwood	(928) 852-0880	Is 1756 E Villa Dr Ste C-9 still operating on this number — what are its Friday hours, and is it medical-equipment/ respiratory only, or also home health?
☐	**Apria Healthcare**	Show Low	(888) 492-7742	Call the national line: does a Show Low branch or storefront exist today, or is Show Low delivery-only? (No current source lists a Show Low branch; no source states a closure.)
☐	**Summit Eye Surgeons**	Prescott	(623) 249-7589	Do you have, or are you opening, a Prescott location at 131 W Navajo Dr? (This is the chain's central number; its site lists Scottsdale, Peoria, Chandler and Surprise only, and a 2026 city permit for work at that address stands on record.)
☐		Prescott	number not in the record	

	Mended and Whole Counseling			No business phone exists in any source, so this one cannot be settled by dialing: it needs a written ask that yields a practice phone number, or the admin's exception to the every-location-carries-a-phone rule. Everything else about the entry is publishable.
☐	**Solace Counseling, LLC**	Prescott	(928) 438-8680 or (928) 350-7097	Call the candidate numbers to settle which one reaches the practice at 1680 Iron Springs Rd Ste 103. (The record holds three conflicting numbers: (928) 438-8680 from one directory only, (928) 350-7097 from the place record only, and a third, (928) 350-7503, from a stale registry entry — the record says do not use that one.)

Held on the admin's order — no call until he says so

	Business	Town	Phone	Where it stands
☐	**Alma Medical Clinic**	Payson	(928) 474-8901	Held out since 2026-10-10 on the admin's order ("hold it out for now") — not to be listed, and not re-checked, until he says otherwise. The record shows the clinic at 1106 N Beeline Hwy, listed as "Possibly Temporarily Closed"; when the admin lifts the hold, the call settles whether the clinic is open.

Settled earlier — no call owed

The progress record carries entries settled in its earlier sections inside the count of 16 not yet listed — duplicates, unverifiable names, and closed businesses. The ones its sections name:

- **Frontier Dental Arts** (Payson) — a duplicate of DiQuattro Dental, already listed; skipped.
- **Lone Tooth** (Payson) — unverifiable: no street address stands in any source; skipped.
- **Eyewear By ROI** (Sedona) — no Sedona storefront exists; the maker stands in Phoenix; skipped.
- **Nurses Network** (Sedona) — resolved: no current Sedona office.
- **Family Health Providers** (Cottonwood) — a duplicate/ghost of the Northern Arizona Healthcare Cottonwood practice, already listed under its current name; skipped.
- **Legacy Home Health Care** (Cottonwood) — unverifiable: conflicting out-of-state records only.
- **Nationwide Vision – Prescott** — closed/skipped: its location page is removed and its place listing reads "Possibly Temporarily Closed"; the Prescott Valley hall stands listed.

- **Juniper Hill Counseling** (Prescott) — closed/skipped as a Prescott entry: the practice's in-person work moved to Utah.
- **Valley Hospice of Arizona** (Payson) — closed: the legal entity was liquidated in Chapter 7.
- **Biltmore Cardiology** (Payson) — closed at the inventoried address: place record permanently closed, its Payson page gone.

Source: ~/workspace/gilded-pages/healthcare-progress.md — Day 34 section (2026-11-06) for the seven calls; the Alma hold note and the earlier day sections for the rest. Phone numbers are printed exactly as that record holds them; nothing here was looked up fresh and no number was invented. No calls were made in the making of this sheet.
